To

The Dy Commissioner
Shimoga.

Sir,

I have the honor to state that on the proposals made by the Dy Commissioner the Government in its Proceedings No 3158-9/76 Dy 4th August 1888 sanctioned the clearing of the Kan situated behind the Town of Sorab to the extent of 50 yards throughout its length, and the work was executed partly from municipal funds and partly with the aid of the villagers. The cleared portion, the area of which is acres 6-34, is adjoining the village, and well situated for building purposes. The whole Kan which measures acres 422-28, assessed at Rs 66/- is in the Khata of the Ranganathaswami Temple at Sorab, and the managers have no

objection to the cleared portion being amalgamated with the village site. The Survey Superintendent who had been addressed to class the land in question as village site declines to do so without previous sanction of the Government. You will observe from the previous Correspondence that ~ permission to clear the jungle was obtained with the object of adding the cleared portion to the village site. I therefore request you will be good enough to move the Government to permit the land being treated as village site.

2. The usual alienation statement together with the marginally noted English Correspondence is submitted herewith.
